
"My Argus A has produced 'Good Pictures' right from the beginning"

says

FRAZER J. FREEZE

of FORT WORTH, TEXAS

BUY WAR BONDS

"NEW HORIZONS" has won several prizes in newspaper and magazine competition.

Good Pictures win prizes, and many of Mr. Freeze's pictures are prize winners.

They have helped him add to his Argus equipment, and his enthusiasm and results have encouraged many of his friends to use Argus also.

He says, "Your model A camera has done more to encourage photography in America than any other camera . . . I have used one for almost five years and it has produced good pictures right from the beginning."
